PROGRAMMING EXPERIENCE

- **Twenty-One Game** (2019) - Used OOP principles to create this game. I utilized I/O to create a simple log.txt file that collects GUID, timestamps, and cards. Used polymorphism to generate a new game.
- **Insurance Quotes MVC** (2019) - Used Microsoft SQL Server Studio to create a database. Used Entity Framework to integrate my database into the application. Used conditional statements to generate a quote based on the user's input.
- **React Movies App** (2019) - Utilized TMDb API to get movie information. Created components to add movies to a list and Queue. Created a component that clears the Queue.
